Steel & Wire Company

June 10, 2026

To Our Valued Customers,

The current market conditions and global events have resulted in substantial increases in manufacturing and raw material costs, exceeding our ability to manage and absorb these expenses. Among these, the most significant impacts are freight costs on outbound shipments to our customers and inbound deliveries for all manufacturing input materials, including hot rolled rod.

Due to these events, Taubensee Steel & Wire Company announces the following:

Effective with shipments starting **July 1, 2026**

All Wire and Wire Products

All grades, shapes, and sizes

+ \$2.00/cwt

Wire diameters less than ¼” are subject to small size extras.

We appreciate the opportunity to keep you informed of market developments. Your Taubensee Sales Representative will be reaching out to discuss the information outlined above. In the meantime, if you have any questions, please do not hesitate to contact us. Thank you for your partnership.

Kind Regards,
